I do not think that there is any other quality so essential to success of any kind as the quality of perseverance. It overcomes almost everything, even nature.

Congratulations!

The MHS Marching Band continues to get better each week. We had our second USBands competition this past Saturday at King Philip High School and the judges were impressed with our improvement. It was great to get the full show on the field! We will continue to improve and add more detail to the show as we move forward. Thank you to all the parent volunteers who helped make this past week a success and congratulations to the marching band members for their hard work and dedication to excellence!
